OCTOBER 2016

### **PRESIDENT'S REPORT**

We are now in the last quarter of the year, but there is still some good things ahead of us. I trust the good attendance at our ragchew breakfasts and club meetings will continue. Your continued support and encouragement is appreciated. The club decided at the last meeting that we would pass on a fall Founder's Day Picnic and concentrate on plans for our Christmas Party. A discussion regarding when and where will be on the October club meeting agenda. Bring your ideas and suggestions

The fall Tanner Gun Show will be at the Pueblo Fairgrounds on October 8 & 9. This event gives us and the Pueblo Amateur Radio Club an opportunity to let the larger community know about our existence and community service. We need people to fill four shifts: Saturday Morning, Saturday afternoon, Sunday morning and Sunday afternoon. Let me know if you can help.

## President's Report cont.

Rita McConnell (KEØKAH) is chairing our nominating committee and would love to hear from you if you would like to run for an office or board position. The office of President and one board position are open and more than one person can be nominated for a position, so let her know if you can serve. The only requirement is that nominees be members in good standing. If you are thinking of nominating someone, please get their consent before making the nomination.

Also, keep in mind we are planning to conduct an 8 week General License Class beginning in early January. We would like to get an idea of interest. Please let me or Jim (NEØDA) know if you or anyone you know would like to attend. More specific information will be available in the near future.

73, and see ya at Saturday's ragchew.

Frank Dunn, KBØFD

### **NET REPORT**

**From Dan WØOJW, Net Manager**

A harvest of fine nets occurred in September! New check-ins joined in with the old hands. And some nice discussions were had.:

9-6: KBØFD; 16 minutes; 9 stations

9-13: WØOJW; 28 minutes; 12 stations

9-20: KBØFD; 21 minutes; 11 stations

9-27: KEØAHM; 20 minutes; 9 stations

Getting some little tweakages done in the old shack. Blessed with a number of helpers--and I thank them all.

Oh, and I've also been doing a few things in the kitchen! Here's one of the recipes I came up with. I don't know if anybody else has tried this:

I mixed 25 shredded resistors  
with half a cup of mayonaise,  
and made ohm slaw.

73 to all! de WØOJW.
