JUNE 2017

PRESIDENT'S REPORT

I hope you will be able to attend our meeting on June 17th, this is one of the most important meetings of the year. We will be making final plans for Field Day on June 24-25, and final plans for the Liberty Point 5K Run on July 4th. If you were not at the last meeting, we had everyone fill out a questionnaire concerning Field Day and the level of participation to expect from each member. I am in the process of calling members that were not in the meeting, and if I have not reached you yet, please call me or email if you plan to be in attendance. We need to know how many members plan to be available for radio work, and we especially need a firm count on how many members and spouses will attend the dinner planned at 6:30 PM on Saturday, June 24.

5 K Run July 4, 2017

- The response for operators at the July 4th Liberty 5K run has been great--15 at this point! The United
- Way Coordinator is thrilled to have us participating again this year. Thanks to Neal Tew, N1TEW, for agreeing to serve as net control and Richard Stiphout, KE0MSM, for joining me in the organizing committee. The plan is to have assignments and instructions out to those on the list in the next week or so. Besides being a valuable community service, this race gives us an opportunity to train in official net procedures under minimal pressure. If you are unable to participate but would like to listen in, we will be using our club repeater (447.450) for talk-in communications and net operations that morning.

NET REPORT

From Dan WØOJW, Net Manager

May held a pleasant hand of PWARC nets, as you'll see. And thanks to all who helped make that possible.

5-2: KBØFD/NCS; 15 minutes; 9 stations

5-9: WØOJW/NCS; 17 minutes; 9 stations

5-16: KBØFD/NCS; 14 minutes; 8 stations

5-23: WØOJW/NCS; 21 minutes; 9 station

5-30: WØOJW/NCS; 14 minutes; 7 stations

Listening forward to nets on our new-and-improved repeater! I'm also looking forward to some better CW operating, now that I've learned how to adjust my Bencher paddles. But if they fail me, I've got my faithful straight key. And I've used a SK for about 98.2539 percent of my ham career, which goes back to 1975.

A 5-by-9 summer to you all!
