August 2018

President's Corner

I hope all of you have enjoyed the rain we have gotten and the break in the high temperatures. A reminder that following our Rag Chew this Saturday we will have the auction for the radio equipment for our Club members only, starting 10:30 AM, at Dan and Trina's barn. By now nearly everyone should have had a chance to see what is there, and there will be a little bit of perusal time before the auction begins. See details in the Google reflector post of July 30. Keep in mind that all proceeds from this sale go directly into our Club's treasury. Also, please bring cash or check; we are not set up for debit or credit cards. See you Saturday

7-10: NCS W00JW; 27 minutes; 13 stations.

My mom and I also wish to thank PWARC for all the emails and cards, following my dad's passing. My mom's health has also improved somewhat. And we also thank everyone for their thoughts beamed in her direction. They were received loud and clear!

KEEP OF GOOD CHEER, from W00JW.

HAM HUMOR <g>

REWARD OFFERED

A reward of 500 microfarads is offered for information leading to the arrest of this desperate criminal - Hop-A-Long Capacity

This unrectified criminal escaped from a western primary cell where he had been clamped in ions awaiting the gauss chamber.

He was charged with the induction of an 18 turn coil named Millihenry who was found choked and robbed of valuable joules

He is armed with a carbon rod and is a potential killer. If encountered, he may offer series of resistance.

Capacity is also charged with driving dc motor over a Wheatstone bridge and refusing to let the band-pass

The electromotive force spent the night searching for him in a magnetic field, where he had gone to earth. They had no success and believed he had returned ohm via a short circuit

He was last seen riding a kilocycle with his friend eddy current who was playing a harmonic freebird, May 9, 2008
